

Braintree

readme

Braintree for PrestaShop

PrestaShop: v 1.5.4 - 1.6.x

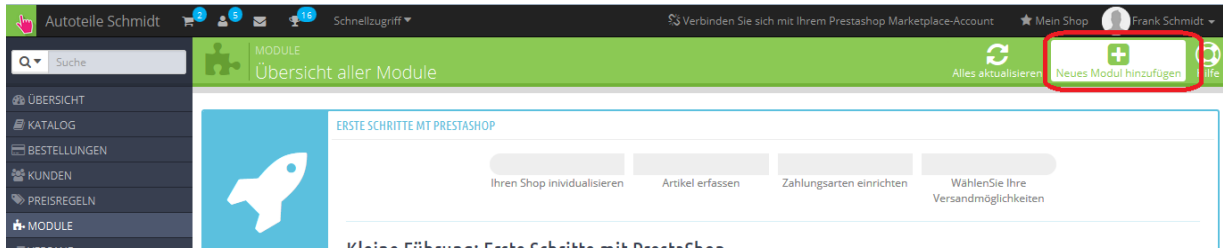

Last Update: 11. May 2017

Content

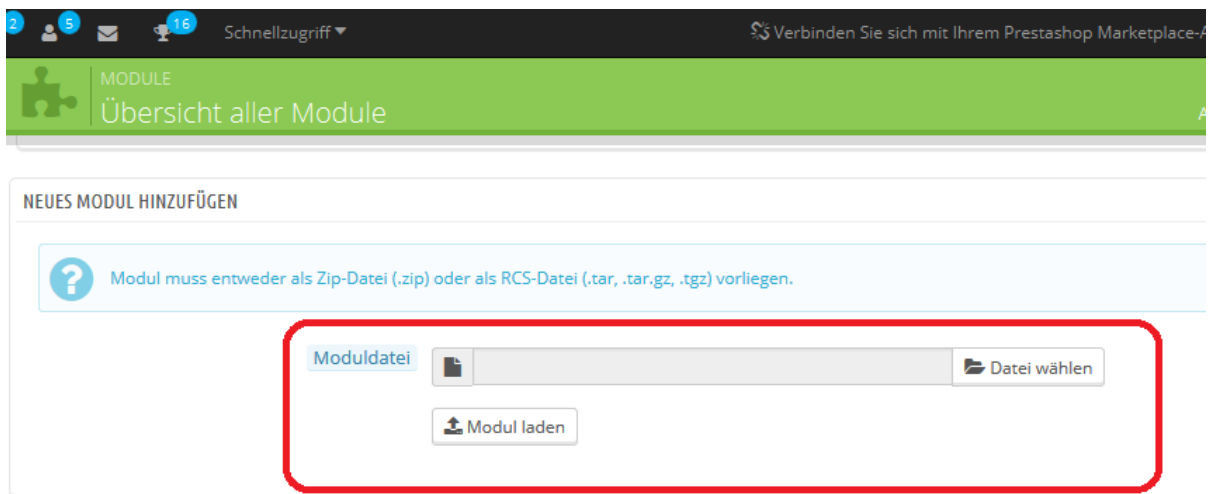

- 1. Installation Braintree Modul 3
- 2. Linking Terms and Conditions and right of rescission 6
- 3. Using the Braintree Module - Refunds..... 8
- 4. Create Braintree Credentials 8

1. Installation Braintree Modul

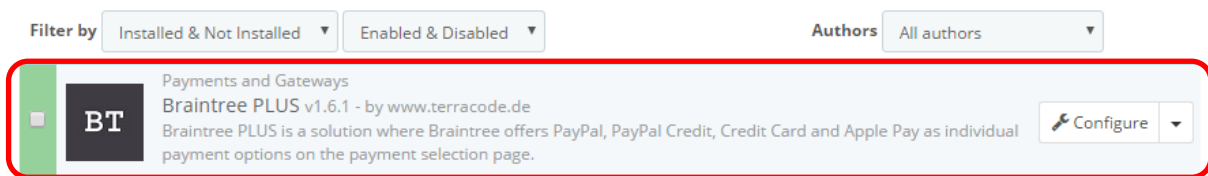

Step 1: Go to the Module section and click the button „add a new module“.

Step 2: Click „Choose file“ and select the module you want to upload.

Step 3: Open the configuration by navigating to „Module -> Braintree PLUS, configure“

Step 4: Enter your Public Key, Privat Key and Merchant ID.

Select if you want to run transactions on the Braintree test environment (Sandbox) or on Live.

Instructions how to create Braintree Credentials can be found at the end of this document.

BRAINTREE APPLICATION

Enable this option Live
 Sandbox
PayPal recommends using the Sandbox for integration and switching to the live system once the integration has been finished. Therefore you can create preconfigured buyer and seller account within the developer platform.

* Public Key

* Private Key

* Merchant ID

Apple Pay YES NO

Paypal Credit YES NO
Paypal Credit in Braintree iFrame on payment page

You can choose if the payment is completed on Braintree page or your online shop.

Choose **Option 1**, and the payment is completed after your PrestaShop review page

Choose **Option 2**, and the payment is completed on Braintree directly

BRAINTREEPLUS payment flow payment selection -> braintree -> review -> confirmation
 payment selection -> braintree -> confirmation
1) Show review page after PayPal pages, payment completed on your page. 2) Complete payment on PayPal page and only show confirmation on your page.

Step 5: save your configuration.

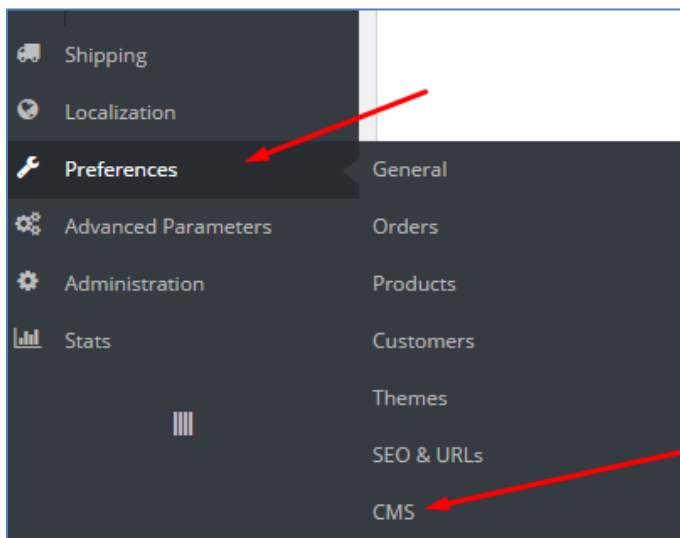

2. Linking Terms and Conditions and right of rescission

On your order review page the T&C and Right of revocation details can be shown.

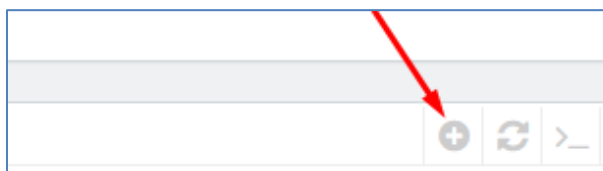

If you do not have a T&C and Right of revocation page yet, you can create one by adding a new CMS page.

Step 1: Choose „CMS“

Step 2: Create a new page

Step 3: Add content and save the page

* Displayed "Checkout Now" When EU Legal installed

Checkout Now" will be displayed, else will

3. Using the Braintree Module - Refunds

Order details for Braintree payments do show up in the orders. Also full or partial refunds can be initiated via the order details page.

The screenshot shows the 'Orders' section of a system, specifically the details for 'Order BEIMGMFDF from Uwe Weber'. A red box highlights the 'BRAINTREE PAYMENT INFO' section. This section contains an 'Info' table and an 'Actions' section.

Info
